

Site Supervisor is an Inspiration for Tampa's Youth

Willie McNeil has been a Site Supervisor with Weiser's Tampa Branch for nine years. He has been awarded Officer of the Month several times and received several commendations from our client. Willie's youth involvement brought him to New Orleans and he stopped by the Support Center. Everyone he spoke with in the office was impressed. We learned that not only is he a top Site Supervisor for Weiser, but his background and charitable work are inspirational.

He served in the U.S. Army for 20 years. He traveled the country and the world; South Carolina, Missouri, California, Germany, Rome, Italy, Portugal, the list goes on. He retired in 1995 residing in the San Francisco Bay area. He started working security in the sports world, mostly for NFL games for the San Francisco 49ers. He also worked for the Los Angeles Raiders, University of California football and basketball games. He even worked personal security for San Francisco 49ers owner Eddie DeBartolo Jr. In 1999 he was hired by the 49ers as the Assistant Security Manager.

Willie joined the Weiser team in 2006, after moving to Tampa, FL. Willie has four grandchildren ages 15, 5 and 3 month old twins. His oldest grandson has loved playing basketball since he was 5 years old and his goal is to someday play in the NBA. His grandson started with the local YMCA league and the coach asked Willie if he'd help with the team. He never forgot his love of sports and the next season he was coaching.

Four years ago they left YMCA and joined another youth organization, The Skills Center Tampa. The

Skills Center teams "are well-rounded individuals who achieve their life goals through academic achievement and sound character based on integrity, responsibility, respect, sportsmanship and teamwork". They decided to start a travel basketball team that has now grown to fifteen teams for boys and girls. As I spoke to Willie, he was finalizing rosters for several teams playing in Disney World the following weekend. The Skills Center's mission is to use athletics to accelerate academic

achievement, build character and promote health and fitness for young people ages 3-15. Not only are these young people skilled athletes, they are also high academic achievers.

The Weiser Team who had the pleasure of meeting and working with Willie all have wonderful things to say about him. Len Kline, Sr. Vice President & COO said "I think all that met Willie were impressed with him, but moreover the work

that he is doing with kids. I can't imagine how much of his time is taken administering those 15 teams." "Willie is an awesome Site Supervisor and an all around kind person." Said Florida RVP, Irma Parone. Matt Patin, Corporate Compliance Director said "one of the things that stood out was that he pushes the players on his team both on the court and in the classroom, and that academically all are doing very well in school."

We're lucky to have Willie on our team. So are the kids of Tampa. Willie is an inspiration to us all.

Florida Region Announcement

After dedicating over 15 years to Weiser Security, our employees and customers, **Senior Vice President, Regional Manager, Irma Parone** is moving on to the next chapter of her life.

She leaves her region on the top of many stack ranks. The world famous Gallup Organization twice found the Florida Region to surpass the others. When four hurricanes hit Florida in 2004, Irma organized and managed contingency forces. In 2005, when Hurricane Katrina destroyed the homes of many employees, she stepped up and was able to create a charity to help our employees.

Irma is going out on top and we wish her the best!

After she started she pushed to hire a young Army Recruiter, Greg Kerr. Greg is arguably the most accomplished Branch Manager in Weiser history. His branch has won more awards than any other

in many different areas. Greg has figured out how to sustain success.

We're pleased to announce that **Greg Kerr**, is our new **Florida Regional Vice President**.

Greg's vast experience in dealing with customers and employees will make a difference in the years to come. He has played a role over the years in the Florida Region's success. It will be great to have him leading the region.

Congratulations Greg, we wish you much success!

Security Officer Spotlight

Shreveport Officers Ora Ray, Paige Butler and Gordon Fernandez with Account Manager Bryan Lasseigne

Gordon Fernandez, Paige Butler, Ora Ray, Shreveport

In July 2015 an armed man opened fire inside a movie theatre in Lafayette, LA killing two people and injuring nine others before turning the gun on himself. The victims were rushed to a nearby hospital. Weiser Security provides security at the hospital and the officers immediately went into action. Officer Gordon Fernandez was on duty and immediately began assisting everyone who was around and controlling the crowds. Supervisor Paige Butler and the overnight officer Ora Ray, who were not on duty that night, saw the news reports and rushed to the hospital to help in any way they could. None of the officers were asked to go out of their way, however they dropped everything and showed up without hesitation.

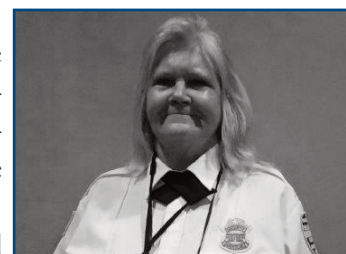

These officers didn't think of themselves or the fact that they were not on duty. They showed up to help the client and the community. Louisiana Governor Bobby Jindal was on the scene and he personally thanked Officer Fernandez for helping during such a traumatic time.

Thank you all for your help, dedication and compassion!

Linda Russell, Shreveport

Officer Linda Russell was making rounds at a prestigious Shreveport client site one afternoon when she noticed smoke and a burning smell near the back entrance. She found that a fire was burning in the ceiling and called 911 and evacuated patrons and employees immediately. The fire was contained and no one was injured.

Her attentiveness and quick actions are highly commended. She was named Shreveport Officer of the Month in August. Congratulations and thank you Officer Russell!

Shreveport Officer of the Month, Linda Russell

Houston North Officer Cindy Fowler

Cindy Fowler, Houston North

Officer Cindy Fowler works at a large organization in the Houston area. Management at the organization provided a photo and description of a former employee who was at high risk for attempting to gain access to the facility. One afternoon while on duty Officer Fowler identified the former employee trying to enter. She contacted management and was successful at stalling him and talking to him until police arrived.

Management has expressed how pleased they are with the excellent job Officer Fowler has done and they are proud to have her part of their team. We are proud to have you on our team as well!
